

QUIET INTENSITY.

NOCTURNA is a monochrome identity built around sculptural light, controlled contrast and deliberate silence.

01

SCULPTURAL LIGHT

Use soft metallic gradients and focused highlights to reveal form. Light should feel dimensional, never glossy for its own sake.

02

CONTROLLED SILENCE

Let negative space do the work. Fewer elements, fewer words, stronger hierarchy. The brand should feel calm and intentional.

03

ORBITAL MOTION

Ellipses, arcs and vertical bars reference the logo. Motion is slow, precise and gravitational rather than energetic or playful.

ORBIT. BAR. TEXTURE.

Three visual ingredients are enough. Keep them large, cropped and restrained.

01 / ORBIT

Large ellipses, often cropped at the edge.

02 / VERTICAL BAR

Use as a structural anchor or transition element.

03 / MATERIAL TEXTURE

Mineral, liquid, glass or polished metal surfaces.

Avoid neon effects, busy particle fields, gaming aesthetics and decorative sci-fi interfaces.

IMAGE DIRECTION

- **LIGHT**
Directional, sculptural and low-key. Highlights should reveal material and volume.
- **MATERIAL**
Black mineral textures, polished metal, glass, liquid surfaces and white voids.
- **COMPOSITION**
Strong central geometry, cropped arcs, generous empty space and precise alignment.
- **PEOPLE**
Editorial and self-possessed. Avoid exaggerated poses, forced smiles and generic nightlife imagery.

TONE OF VOICE

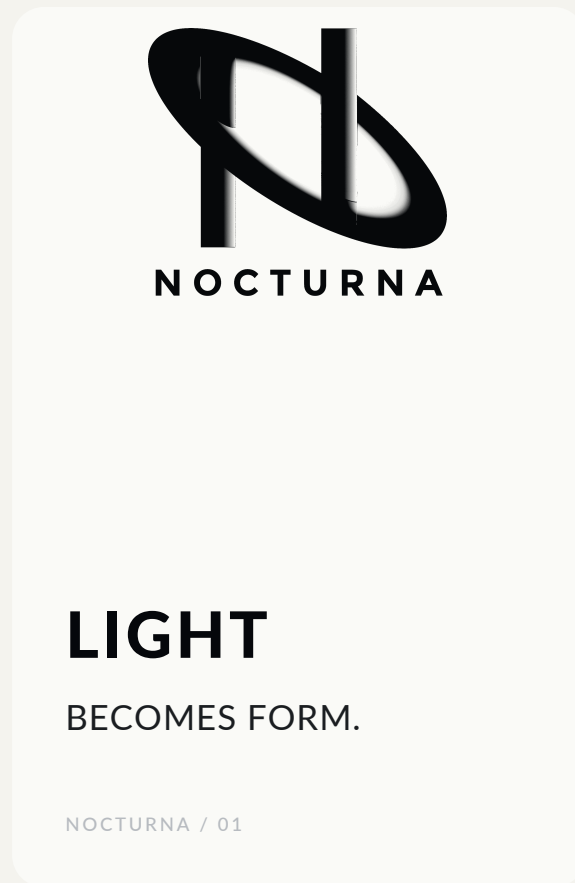

Concise. Declarative. Atmospheric.

Use fewer adjectives. Let the name, image and pacing create the mood.

EXAMPLE: "LIGHT BECOMES FORM."

BRIGHT BY DEFAULT.

Use a 12-column grid, wide margins and one dominant focal point. Reserve dark mode for launch moments and hero communication.

LAYOUT RULES

- **MARGIN**
Use 5-7% of the short edge.
- **GRID**
12 columns editorial. 4 columns social.
- **ALIGNMENT**
Use left alignment or strict symmetry.
- **DENSITY**
One visual idea per composition.
- **COLOR**
Lunar White is the default field.
